Re: RFAI of November 7, 2018
First Amended August Monthly Report
Save America Leadership PAC
Committee ID Number: C00461723

Dear Ms. Lucas:

Thank you for your correspondence regarding the above referenced report. This committee is a Leadership PAC and recently opened a second Leadership PAC account. In an effort to manage the two accounts effectively, the committee decided to switch reporting software. In August the committee switched from the FECfile program to a third party vendor. The committee had been using the FECfile since its inception. The committee was advised by the third party vendor that all the data transferred and a sample test report matched perfectly. The data appears to have transferred over correctly but there were two inconsistencies the committee was unaware of. These inconsistencies were reflected in the first report filed with the new software – the first Amended August Monthly report that is the subject of this RFAI.

The first problem was that the prior Column B numbers were not properly configured and therefore when the software auto populated the lines in Column B three of them (8, 11c, 21b and 29) were inaccurate. These inaccurate lines of course threw off several “subtotal? lines. The error has been rectified and a second amended August Monthly report has been filed.

The second problem was with the committee’s comprehension of how to properly distinguish between the two accounts. This was the error that lead to the first amended report which then led to the RFAI. This error caused 1 contribution and 4 expenditures to be incorrectly entered under the other PAC account (an account that did not have to file until October). This error was discovered when the committee filed its next monthly report and was immediately corrected with the first amended August Monthly report.

These difficulties have caused the committee to commence conduct an internal review of all recently filed reports. Any other inaccuracies will be immediately rectified and if necessary amended reports will be filed. Because these difficulties affected the Column B totals they may have affected the accuracy of subsequent reports.

If you have any more questions regarding the committee please do not hesitate to contact us at 208-345-9929 or SaveAmericaPAC@gmail.com.

Sincerely,

R. John Insinger, Treasurer
